Subject index

A

Accessory duct
Accessory duct in the submandibular gland. 1986; 62:607 (Roentgeno-oddities)
Accessory foramina
A scanning electron microscopic investigation of accessory foramina in the furcation and pulp chamber floor of molar teeth (Vertucci and Anthony). 1986; 62:319-26
Acenocoumarol
Dental treatment for the patient on anticoagulant therapy: prothrombin time value—what difference does it make? (Benoliel et al) 1986; 62:149-51
Adenocarcinoma
Esophageal adenocarcinoma metastatic to the maxilla (Tideman et al). 1986; 62:564-8
Adrenocortical steroids
Management of posttreatment endodontic pain with oral dexamethasone: a double-blind study (Krasner and Jackson). 1986; 62:187-90
Aging
Prevalence of drugs causing hyposalivation in an institutionalized geriatric population (Handelman et al). 1986; 62:26-31
AH26
Prednisone treatment for injury and compression of inferior alveolar nerve: report of a case of anesthesia following endodontic overfilling (Gatot and Tovi). 1986; 62:704-6
Subcutaneous reactions to implantation of tubes with AH26 and Grossman's sealer (Tagger and Tagger). 1986; 62:434-40
Airway obstruction
Severe facial trauma resulting in airway obstruction (Trimble). 1986; 62:476-8 (Roentgeno-oddities)
Alopecia areata
A rare case of numerous oral hairs in a 13-year-old boy with alopecia areata (Fetkowska-Mielnik et al). 1986; 62:267-9
Alveolar crest
Estimation of alveolar crest height using routine periapical dental radiographs (Duinkerke et al). 1986; 62:603-6
Alveolar nerve
Documentation method for inferior alveolar and lingual nerve paresthesias (Robinson and Williams). 1986; 62:128-31
Mandibular paresthesia secondary to cerebrovascular changes (Nelson et al). 1986; 62:17-9
Prednisone treatment for injury and compression of inferior alveolar nerve: report of a case of anesthesia following endodontic overfilling (Gatot and Tovi). 1986; 62:704-6
Amalgam
A method of distinguishing between amalgam and graphite in tissue (Peters and Gardner). 1986; 62:73-6

July, pp. 1-118; August, pp. 119-244; September, pp. 245-360; October, pp. 361-480; November, pp. 481-610; December, pp. 611-760.

American Heart Association
Analysis of the American Heart Association's recommendations for the prevention of infective endocarditis (Tzukert et al). 1986; 62:276-9
Analgesia
Benzydamine hydrochloride in prevention and management of pain in oral mucositis associated with radiation therapy (Epstein and Stevenson-Moore). 1986; 62:145-8
Double-blind evaluation of etodolac (200 mg, 400 mg) compared with zomepirac (100 mg) and placebo on third molar extraction pain (Scott et al). 1986; 62:638-42
Anesthesia
Bilateral lingual nerve anesthesia following mandibular third molar extractions (Fielding and Reck). 1986; 62:13-6
Documentation method for inferior alveolar and lingual nerve paresthesias (Robinson and Williams). 1986; 62:128-31
Mandibular paresthesia secondary to cerebrovascular changes (Nelson et al). 1986; 62:17-9
Prednisone treatment for injury and compression of inferior alveolar nerve: report of a case of anesthesia following endodontic overfilling (Gatot and Tovi). 1986; 62:704-6
Selective anesthesias of peripheral branches of the trigeminal nerve due to odontogenic infection (Barrett and Buckley). 1986; 62:226-8
Antibiotic; *see also specific agent*
Prevention of infective endocarditis: not by antibiotics alone (Tzukert et al). 1986; 62:385-8
Anticoagulants
Dental treatment for the patient on anticoagulant therapy: prothrombin time value—what difference does it make? (Benoliel et al) 1986; 62:149-51
Antigen
Expression of blood group H antigen by normal, benign, and carcinoma cells of the oral epithelium: immunohistochemical study using monoclonal antibody RS13 (Shabana et al). 1986; 62:532-43
Apices
An apical granuloma with epithelial integument (Nair and Schmid-Meier). 1986; 62:698-703
Relationship between the apices of the lower molars and mandibular canal—a radiographic study (Littner et al). 1986; 62:595-602
Arthrography
Clinical and arthrographic evaluation of temporomandibular joint sounds (Roberts et al). 1986; 62:373-6
Arthroscopy
Arthroscopic surgery of the temporomandibular joint: treatment of internal derangement with persistent closed lock (Sanders). 1986; 62:361-72
Diagnostic accuracy of upper compartment arthroscopy of the temporomandibular joint: correlation with postmortem morphology (Liedberg and Westesson). 1986; 62:618-24
The risk of damage to facial nerve, superficial temporal vessels, disk, and articular surfaces during arthroscopic examination of the temporomandibular joint (Westesson et al). 1986; 62:124-7
Articular surface
The risk of damage to facial nerve, superficial temporal vessels, disk, and articular surfaces during arthroscopic examination of the temporomandibular joint (Westesson et al). 1986; 62:124-7
Artifact
Frequency of artifacts with xeroradiography using artifact-reduction techniques (Gratt et al). 1986; 62:589-94
Aspergillosis
Radiologic findings in aspergillosis of the maxillary sinus (Beck-Mannagetta and Necek). 1986; 62:345-9
Auditory meatus
Acute facial cellulitis and trismus originating in the external auditory meatus (Nitzan and Shteyer). 1986; 62:262-3
Augmentation
Visor osteotomy augmentation of the mandible with posterior onlay bone graft or with hydroxylapatite: a comparative study (Mercier and Zeltser). 1986; 62:251-7

B

Beam
The effects of beam quality and optical density on image quality in dental radiography (Price). 1986; 62:580-8
Benign tumor
Benign mixed tumor of the mandible 17 years after the occurrence of a similar lesion in the parotid gland (Drinkard and Schow). 1986; 62:381-4
Expression of blood group H antigen by normal, benign, and carcinoma cells of the oral epithelium: immunohistochemical study using monoclonal antibody RS13 (Shabana et al). 1986; 62:532-43
Intraoral solitary glomus tumor (glomangioma): case report and literature review (Ficarra et al). 1986; 62:306-11
The prevalence of benign fibro-osseous lesions of periodontal ligament origin in black women: a radiographic survey (Neville and Albenesius). 1986; 62:340-4
Synovial chondromatosis of the temporomandibular joint presenting as a parotid mass: possibility of confusion with benign mixed tumor (Thompson et al). 1986; 62:377-80
Benzydamine hydrochloride
Benzydamine hydrochloride in prevention and management of pain in oral mucositis associated with radiation therapy (Epstein and Stevenson-Moore). 1986; 62:145-8
Bis-dequalinium acetate
Comparative study of the configuration and the cleanliness level of root canals prepared with the aid of sodium hypochlorite and bis-dequalinium-acetate solutions (Kaufman and Greenberg). 1986; 62:191-7
Bisecting-angle technique
A modification of the bisecting-angle technique for anterior periapical dental radiographs (Monsour). 1986; 62:468-70
Blindness
Onchocerciasis of the face and mouth (Williams et al). 1986; 62:560-3
Blood group H antigen
Expression of blood group H antigen by normal, benign, and carcinoma cells of the oral epithelium: immunohistochemical study using monoclonal antibody RS13 (Shabana et al). 1986; 62:532-43
Bone
Histopathologic study of bone invasion by DMBA-induced carcinoma of the mouth in the hamster (Totsuka et al). 1986; 62:683-92
Visor osteotomy augmentation of the mandible with posterior onlay bone graft or with hydroxylapatite: a comparative study (Mercier and Zeltser). 1986; 62:251-7
Books and book reviews
New book annotations. 1986; 62:117, 359, 479-80, 609, 741
Botryoid cyst
Botryoid odontogenic cyst (Kaugars). 1986; 62:555-9
Bruxism
Masseter muscle nodule due to bruxism (Shuren). 1986; 62:140-1

C

Carcinoma; *see also* **Tumor**
Changes in the protein composition of whole saliva during radiotherapy in patients with oral or pharyngeal cancer (Makkonen et al). 1986; 62:270-5
The effect of chemotherapeutic agents on human oral squamous cell carcinoma transplanted to nude mice: a histologic study (Boeheim et al). 1986; 62:50-6
Expression of blood group H antigen by normal, benign, and carcinoma cells of the oral epithelium: immunohistochemical study using monoclonal antibody RS13 (Shabana et al). 1986; 62:532-43
Histopathologic study of bone invasion by DMBA-induced carcinoma of the mouth in the hamster (Totsuka et al). 1986; 62:683-92
Immunohistochemical distribution of monoclonal antibodies against keratin in papillomas and carcinomas from oral and nasopharyngeal regions (Nakai and Mori). 1986; 62:292-302
Oral cancer induced in hamsters with herpes simplex infection and simulated snuff dipping (Park, Sapp, and Herbosa). 1986; 62:164-8

Cardiopulmonary resuscitation
Evaluation of a prototype CPR assist-tool (Lado and Fast). 1986; 62:280-3

Cellulitis
Acute facial cellulitis and trismus originating in the external auditory meatus (Nitzan and Shteyer). 1986; 62:262-3

Cemento-osseous lesion
The role of computed tomography in the evaluation of cemento-osseous lesions (DelBalso and Werning). 1986; 62:354-7

Cephalometry
Temporomandibular articulation tomography: a corrected anteroposterior and lateral cephalometric technique (Rosenberg and Graczyk). 1986; 62:198-204

Cerebrovascular change
Mandibular paresthesia secondary to cerebrovascular changes (Nelson et al). 1986; 62:17-9

Cervical lead shield
Efficiency of the cervical lead shield during intraoral radiography (Kaffe et al). 1986; 62:732-6

Cervical mucocele
Cervical mucocele (plunging ranula): an unusual case of mucous extravasation cyst (Zafarulla). 1986; 62:63-6

Cheilitis glandularis
Cheilitis glandularis: a case affecting the upper lip (Winchester et al). 1986; 62:654-6

Chemotherapy
The effect of chemotherapeutic agents on human oral squamous cell carcinoma transplanted to nude mice: a histologic study (Boeheim et al). 1986; 62:50-6
Quantitative analysis of the oral complications of antileukemia chemotherapy (Dreizen et al). 1986; 62:650-3

Chondromatosis
Synovial chondromatosis of the temporomandibular joint presenting as a parotid mass: possibility of confusion with benign mixed tumor (Thompson et al). 1986; 62:377-80

Clicking
Clinical and arthrographic evaluation of temporomandibular joint sounds (Roberts et al). 1986; 62:373-6

Closure
A simplified technique for closure of surgical sites following intraoral open reduction of mandibular fractures (Marchmont-Robinson and Crinzi). 1986; 62:138-9

Computed tomography
Computed tomography for internal derangements of the temporomandibular joint: a technical report (Wayne et al). 1986; 62:459-62

Computed tomography (con't.)
The role of computed tomography in the evaluation of cemento-osseous lesions (DelBalso and Werning). 1986; 62:354-7

Condyle
Control of the condylar-proximal mandibular segments after sagittal split osteotomies to advance the mandible (Epker and Wylie). 1986; 62:613-7
Malposed and misshapen asymptomatic functional condyle (Anavi et al). 1986; 62:225 (Roentgeno-oddities)
Variation in condyle-fossa relationships according to different methods of evaluation in tomograms (Pullinger and Hollender). 1986; 62:719-27

Correspondence
Letters. 1986; 62:89-90, 659

CPR
Evaluation of a prototype CPR assist-tool (Lado and Fast). 1986; 62:280-3

Crown
Spontaneous repair of a fractured tooth crown: an indication for retrograde root filling (Falomo). 1986; 62:327-9

Cusp
Talon cusp in primary dentition (Chen and Chen). 1986; 62:67-72

Cyclosporine
Clinical and pharmacologic correlations in cyclosporine-induced gingival hyperplasia (Daley et al). 1986; 62:417-21

Cyst
Botryoid odontogenic cyst (Kaugars). 1986; 62:555-9
Cervical mucocele (plunging ranula): an unusual case of mucous extravasation cyst (Zafarulla). 1986; 62:63-6
Clinicopathologic study of the postoperative maxillary cyst (Yamamoto and Takagi). 1986; 62:544-8
Mucous retention cyst of the maxillary sinus (Ruprecht et al). 1986; 62:728-31
Traumatic cyst. 1986; 62:739 (Roentgeno-oddities)

Cytology
The value of exfoliative cytology in the diagnosis of oral herpes simplex infection in immunosuppressed patients (Barrett et al). 1986; 62:175-8

D

Dental caries
Clinical efficacy of dental radiography in the detection of dental caries and periodontal diseases (Douglass et al). 1986; 62:330-9

Dental hygiene programs
Radiation safety and protection in U.S. dental hygiene programs (Farman et al). 1986; 62:102-6

Dermal graft
Histologic fate of dermal grafts following implantation for temporomandibular joint meniscal perforation: a preliminary study (DeTomasi et al). 1986; 62:481-5

Dermatitis herpetiformis
Dermatitis herpetiformis: oral lesions as an early manifestation (Economopoulou and Laskaris). 1986; 62:77-80

Dexamethasone
Management of posttreatment endodontic pain with oral dexamethasone: a double-blind study (Krasner and Jackson). 1986; 62:187-90

Diabetes mellitus
A prevalence study of denture stomatitis in subjects with diabetes mellitus or elevated plasma glucose levels (Phelan and Levin). 1986; 62:303-5

Dimensional reproduction
Dimensional reproduction in rotational panoramic radiography (McDavid et al). 1986; 62:96-101

Disk
The risk of damage to facial nerve, superficial temporal vessels, disk, and articular surfaces during arthroscopic examination of the temporomandibular joint (Westesson et al). 1986; 62:124-7
DMBA-induced carcinoma
Histopathologic study of bone invasion by DMBA-induced carcinoma of the mouth in the hamster (Totsuka et al). 1986; 62:683-92
Dosimetry
Spectroscopic analysis and dosimetry of diagnostic x-ray beams filtered by rare earth materials (Tyndall). 1986; 62:205-11
Drug effects
Prevalence of drugs causing hyposalivation in an institutionalized geriatric population (Handelman et al). 1986; 62:26-31
Dysplasia
Dysplasia in salivary gland ducts in sublingual leukoplakia and erythroplakia (Browne and Potts). 1986; 62:44-9

E

Eagle's syndrome
Eagle's syndrome: a comparison of intraoral versus extraoral surgical approaches (Chase et al). 1986; 62:625-9
Ectopic premolar
Unerupted and ectopic mandibular premolars. 1986; 62:358 (Roentgeno-oddities)
Edentulous patient
Radiographic screening of edentulous patients: sense or nonsense? a risk-benefit analysis (Keur). 1986; 62:463-7
Elderly
Prevalence of drugs causing hyposalivation in an institutionalized geriatric population (Handelman et al). 1986; 62:26-31
Electrical stimulation
Electrical stimulation of mandibular osteotomies in rabbits (Marino et al). 1986; 62:20-4
Electron microscopy
A scanning electron microscopic investigation of accessory foramina in the furcation and pulp chamber floor of molar teeth (Vertucci and Anthony). 1986; 62:319-26
A study of the odontoblast process with transmission electron microscopy (White et al). 1986; 62:569-79
Emphysema
Mediastinal emphysema following Le Fort I osteotomy: report of a case (Nannini and Sachs). 1986; 62:508-9
Endocarditis
Analysis of the American Heart Association's recommendations for the prevention of infective endocarditis (Tzukert et al). 1986; 62:276-9
Prevention of infective endocarditis: not by antibiotics alone (Tzukert et al). 1986; 62:385-8
Endodontics
Management of posttreatment endodontic pain with oral dexamethasone: a double-blind study (Krasner and Jackson). 1986; 62:187-90
Prednisone treatment for injury and compression of inferior alveolar nerve: report of a case of anesthesia following endodontic overfilling (Gatot and Tovi). 1986; 62:704-6
Epidemiology
Oral exophytic lesions in 23,616 white Americans over 35 years of age (Bouquot and Gundlach). 1986; 62:284-91
Epithelium
An apical granuloma with epithelial integument (Nair and Schmid-Meier). 1986; 62:698-703
An immunoperoxidase investigation of S-100 protein in the epithelial component of Warthin's tumor (Takahashi et al). 1986; 62:57-62
Involucrin expression in epithelial tumors of oral and pharyngeal mucosa and skin (Sumitomo et al). 1986; 62:155-63
Erythroplakia
Dysplasia in salivary gland ducts in sublingual leukoplakia and erythroplakia (Browne and Potts). 1986; 62:44-9
Esophagus
Esophageal adenocarcinoma metastatic to the maxilla (Tideman et al). 1986; 62:564-8
Etodolac
Double-blind evaluation of etodolac (200 mg, 400 mg) compared with zomepirac (100 mg) and placebo on third molar extraction pain (Scott et al). 1986; 62:638-42
Exfoliative cytology
The value of exfoliative cytology in the diagnosis of oral herpes simplex infection in immunosuppressed patients (Barrett et al). 1986; 62:175-8
Exophytic lesion
Oral exophytic lesions in 23,616 white Americans over 35 years of age (Bouquot and Gundlach). 1986; 62:284-91
External auditory meatus
Acute facial cellulitis and trismus originating in the external auditory meatus (Nitzan and Shteyer). 1986; 62:262-3
Extraction
Bilateral lingual nerve anesthesia following mandibular third molar extractions (Fielding and Reck). 1986; 62:13-6
Double-blind evaluation of etodolac (200 mg, 400 mg) compared with zomepirac (100 mg) and placebo on third molar extraction pain (Scott et al). 1986; 62:638-42
Extraoral surgery
Eagle's syndrome: a comparison of intraoral versus extraoral surgical approaches (Chase et al). 1986; 62:625-9

F

Face
Acute facial cellulitis and trismus originating in the external auditory meatus (Nitzan and Shteyer). 1986; 62:262-3
Flushing of the face as a result of chewing food (Giunta et al). 1986; 62:505-7
Onchocerciasis of the face and mouth (Williams et al). 1986; 62:560-3
Facial nerve
Referral of symptoms from the trigeminal to the facial nerve as a sequel to dental infection (Papageorge and Kronman). 1986; 62:643-5
The risk of damage to facial nerve, superficial temporal vessels, disk, and articular surfaces during arthroscopic examination of the temporomandibular joint (Westesson et al). 1986; 62:124-7
Fibromatosis
Juvenile hyaline fibromatosis (Murray-Puretic-Drescher syndrome): oral and systemic findings in siblings (Sciubba and Niebloom). 1986; 62:397-409
Fibro-osseous lesion
The prevalence of benign fibro-osseous lesions of periodontal ligament origin in black women: a radiographic survey (Neville and Albenesius). 1986; 62:340-4
Film
Characteristic curves of dental x-ray film (Havukainen and Servomaa). 1986; 62:107-9
Sensitometric and image analysis of T-grain film (Thunthy and Weinberg). 1986; 62:218-20
Filteration
Spectroscopic analysis and dosimetry of diagnostic x-ray beams filtered by rare earth materials (Tyndall). 1986; 62:205-11
Fixation
Management of mandibular trauma with rigid internal fixation (Schwimmer and Greenberg). 1986; 62:630-7
Food
Flushing of the face as a result of chewing food (Giunta et al). 1986; 62:505-7

Foramen
A scanning electron microscopic investigation of accessory foramina in the furcation and pulp chamber floor of molar teeth (Vertucci and Anthony). 1986; 62:319-26
Foreign body
Foreign body (Miller). 1986; 62:223-4 (Roentgeno-oddities)
Ocular foreign body (Hutton and Hoggins). 1986; 62:475-6 (Roentgeno-oddities)
Fracture
A simplified technique for closure of surgical sites following intraoral open reduction of mandibular fractures (Marchmont-Robinson and Crinzi). 1986; 62:138-9
Spontaneous repair of a fractured tooth crown: an indication for retrograde root filling (Falomo). 1986; 62:327-9
Furcation
A scanning electron microscopic investigation of accessory foramina in the furcation and pulp chamber floor of molar teeth (Vertucci and Anthony). 1986; 62:319-26

G

Gemination
Gemination, hypodontia, and supernumerary teeth. 1986; 62:737 (Roentgeno-oddities)
Geriatrics
Prevalence of drugs causing hyposalivation in an institutionalized geriatric population (Handelman et al). 1986; 62:26-31
Gingiva
Clinical and pharmacologic correlations in cyclosporine-induced gingival hyperplasia (Daley et al). 1986; 62:417-21
Juvenile hyaline fibromatosis (Murray-Puretic-Drescher syndrome): oral and systemic findings in siblings (Sciubba and Niebloom). 1986; 62:397-409
Unusual pigmentation of the gingiva: report of two different types (Gazi). 1986; 62:646-9
Glomangioma
Intraoral solitary glomus tumor (glomangioma): case report and literature review (Ficarra et al). 1986; 62:306-11
Glomus tumor
Glomus tumor of the lip: a case report and immunohistochemical study (Moody et al). 1986; 62:312-8
Intraoral solitary glomus tumor (glomangioma): case report and literature review (Ficarra et al). 1986; 62:306-11
Glucose
A prevalence study of denture stomatitis in subjects with diabetes mellitus or elevated plasma glucose levels (Phelan and Levin). 1986; 62:303-5
Gonorrhea
Facts about gonorrhea and dentistry (Giunta and Fiumara). 1986; 62:529-31
Graft; *see also* **Implant**
Histologic fate of dermal grafts following implantation for temporomandibular joint meniscal perforation: a preliminary study (DeTomasi et al). 1986; 62:481-5
Visor osteotomy augmentation of the mandible with posterior onlay bone graft or with hydroxylapatite: a comparative study (Mercier and Zeltser). 1986; 62:251-7
Granuloma
An apical granuloma with epithelial integument (Nair and Schmid-Meier). 1986; 62:698-703
Graphite
A method of distinguishing between amalgam and graphite in tissue (Peters and Gardner). 1986; 62:73-6
Grossman's sealer
Subcutaneous reactions to implantation of tubes with AH26 and Grossman's sealer (Tagger and Tagger). 1986; 62:434-40

H

H antigen
Expression of blood group H antigen by normal, benign, and carcinoma cells of the oral epithelium: immunohistochemical study using monoclonal antibody RS13 (Shabana et al). 1986; 62:532-43
Hand dip
An evaluation of the efficacy and irritability of Sporicidin as a hand dip (Holderman et al). 1986; 62:142-4
Hemorrhage
Lingual artery hemorrhage (Burke and Masch). 1986; 62:258-61
Herpes simplex
Oral cancer induced in hamsters with herpes simplex infection and simulated snuff dipping (Park et al). 1986; 62:164-8
The value of exfoliative cytology in the diagnosis of oral herpes simplex infection in immunosuppressed patients (Barrett et al). 1986; 62:175-8
Histopathology
Histopathologic study of bone invasion by DMBA-induced carcinoma of the mouth in the hamster (Totsuka et al). 1986; 62:683-92
Horizontal plane
The horizontal plane in patient positioning for panoramic radiography (Patel and Manson-Hing). 1986; 62:350-3
HPV antigen; *see* **Human papillomavirus**
Human papillomavirus
Detection of human papillomavirus DNA in oral mucosal lesions using in situ DNA-hybridization applied on paraffin sections (Syrjänen et al). 1986; 62:660-7
Oral and labial verruca vulgaris: clinical, histologic and immunohistochemical evaluation (Green et al). 1986; 62:410-6
Hyaline fibromatosis
Juvenile hyaline fibromatosis (Murray-Puretic-Drescher syndrome): oral and systemic findings in siblings (Sciubba and Niebloom). 1986; 62:397-409
Hydroxylapatite
Visor osteotomy augmentation of the mandible with posterior onlay bone graft or with hydroxylapatite: a comparative study (Mercier and Zeltser). 1986; 62:251-7
Hyperplasia
Clinical and pharmacologic correlations in cyclosporine-induced gingival hyperplasia (Daley et al). 1986; 62:417-21
Hyperthermia
Malignant hyperthermia (Cantin et al). 1986; 62:389-92
Hypodontia
Gemination, hypodontia, and supernumerary teeth. 1986; 62:737 (Roentgeno-oddities)
Hyposalivation
Prevalence of drugs causing hyposalivation in an institutionalized geriatric population (Handelman et al). 1986; 62:26-31

I

Image analysis
Sensitometric and image analysis of T-grain film (Thunthy and Weinberg). 1986; 62:218-20
Image quality
The effects of beam quality and optical density on image quality in dental radiography (Price). 1986; 62:580-8
Immunohistochemistry
Glomus tumor of the lip: a case report and immunohistochemical study (Moody et al). 1986; 62:312-8
Immunohistochemical distribution of monoclonal antibodies against keratin in papillomas and carcinomas from oral and nasopharyngeal regions (Nakai and Mori). 1986; 62:292-302

Immunoperoxidase
An immunoperoxidase investigation of S-100 protein in the epithelial component of Warthin's tumor (Takahashi et al). 1986; 62:57-62
Immunosuppression
The value of exfoliative cytology in the diagnosis of oral herpes simplex infection in immunosuppressed patients (Barrett et al). 1986; 62:175-8
Implant; *see also* **Graft**
Deterioration of temporary silicone implant in the temporomandibular joint: a clinical and arthroscopic follow-up study (Eriksson et al). 1986; 62:2-6
Histologic fate of dermal grafts following implantation for temporomandibular joint meniscal perforation: a preliminary study (DeTomasi et al). 1986; 62:481-5
In memoriam
In memoriam: Dr. Lester R. Cahn. 1986; 62:611
Incisor
Complexities of endodontic treatment of maxillary lateral incisors with anomalous root formation (Greenfeld and Cambruzzi). 1986; 62:82-8
Infection; *see also* **Infective endocarditis**
An evaluation of the efficacy and irritability of Sporicidin as a hand dip (Holderman et al). 1986; 62:142-4
Referral of symptoms from the trigeminal to the facial nerve as a sequel to dental infection (Papageorge and Kronman). 1986; 62:643-5
Selective anesthesias of peripheral branches of the trigeminal nerve due to odontogenic infection (Barrett and Buckley). 1986; 62:226-8
Significance of the head and neck in late infection in renal transplant recipients (Stoufi et al). 1986; 62:524-8
Infective endocarditis
Analysis of the American Heart Association's recommendations for the prevention of infective endocarditis (Tzukert et al). 1986; 62:276-9
Prevention of infective endocarditis: not by antibiotics alone (Tzukert et al). 1986; 62:385-8
Inferior border wiring
A simplified technique of inferior border wiring in the sagittal split osteotomy (Gingrass et al). 1986; 62:264-6
Intentional replantation
Intentional replantation (Madison). 1986; 62:707-9
Internal fixation
Management of mandibular trauma with rigid internal fixation (Schwimmer and Greenberg). 1986; 62:630-7
Intraoral radiography
Efficiency of the cervical lead shield during intraoral radiography (Kaffe et al). 1986; 62:732-6
Intraoral surgery
Eagle's syndrome: a comparison of intraoral versus extraoral surgical approaches (Chase et al). 1986; 62:625-9
Intravascular fasciitis
Intravascular fasciitis: report of two cases and review of the literature (Freedman and Lumerman). 1986; 62:549-54
Involucrin
Involucrin expression in epithelial tumors of oral and pharyngeal mucosa and skin (Sumitomo et al). 1986; 62:155-63
Isotretinoin
Treatment of oral erosive lichen planus with systemic isotretinoin (Camisa and Allen). 1986; 62:393-6

J

Joint; *see* **Temporomandibular joint**

K

Keratin
Immunohistochemical distribution of monoclonal antibodies against keratin in papillomas and carcinomas from oral and nasopharyngeal regions (Nakai and Mori). 1986; 62:292-302
Keratoacanthoma
Generalized eruptive keratoacanthoma (Young et al). 1986; 62:422-6

L

Lateral gaze deficit
Lateral gaze deficit suggesting multiple sclerosis (Lopez and Moore). 1986; 62:657-8
Le Fort I osteotomy
Mediastinal emphysema following Le Fort I osteotomy: report of a case (Nannini and Sachs). 1986; 62:508-9
Lead shield
Efficiency of the cervical lead shield during intraoral radiography (Kaffe et al). 1986; 62:732-6
Leiomyoma
Mandibular vascular leiomyoma (McMillan et al). 1986; 62:427-33
Letters
Letters. 1986; 62:89-90, 659
Leukemia
Quantitative analysis of the oral complications of antileukemia chemotherapy (Dreizen et al). 1986; 62:650-3
Leukoplakia
Dysplasia in salivary gland ducts in sublingual leukoplakia and erythroplakia (Browne and Potts). 1986; 62:44-9
Lichen planus
Treatment of oral erosive lichen planus with systemic isotretinoin (Camisa and Allen). 1986; 62:393-6
Lingual artery
Lingual artery hemorrhage (Burke and Masch). 1986; 62:258-61
Lingual nerve anesthesia
Bilateral lingual nerve anesthesia following mandibular third molar extractions (Fielding and Reck). 1986; 62:13-6
Documentation method for inferior alveolar and lingual nerve paresthesias (Robinson and Williams). 1986; 62:128-31
Mandibular paresthesia secondary to cerebrovascular changes (Nelson et al). 1986; 62:17-9
Lip
Cheilitis glandularis: a case affecting the upper lip (Winchester et al). 1986; 62:654-6
Glomus tumor of the lip: a case report and immunohistochemical study (Moody et al). 1986; 62:312-8
Nerve sheath myxoma (neurothekeoma): a case involving the lip (Mason et al). 1986; 62:185-6
Reconstruction of the oral commissure (Takato et al). 1986; 62:132-4

M

Malignant hyperthermia
Malignant hyperthermia (Cantin et al). 1986; 62:389-92
Mandible
Benign mixed tumor of the mandible 17 years after the occurrence of a similar lesion in the parotid gland (Drinkard and Schow). 1986; 62:381-4
Bilateral lingual nerve anesthesia following mandibular third molar extractions (Fielding and Reck). 1986; 62:13-6
Control of the condylar-proximal mandibular segments after sagittal split osteotomies to advance the mandible (Epker and Wylie). 1986; 62:613-7
Correlation of acute pericoronitis and the position of the mandibular third molar (Leone et al). 1986; 62:245-9
Electrical stimulation of mandibular osteotomies in rabbits (Marino et al). 1986; 62:20-4
Management of mandibular trauma with rigid internal fixation (Schwimmer and Greenberg). 1986; 62:630-7
Mandibular paresthesia secondary to cerebrovascular changes (Nelson et al). 1986; 62:17-9
Mandibular vascular leiomyoma (McMillan et al). 1986; 62:427-33

Mandible (con't.)
Osteogenic sarcoma of the maxilla and mandible (Forteza et al). 1986; 62:179-84
A simplified technique for closure of surgical sites following intraoral open reduction of mandibular fractures (Marchmont-Robinson and Crinzi). 1986; 62:138-9
Surgical control of mandibular growth: test of a recent biomechanical hypothesis (Killiany and Johnston). 1986; 62:500-4
Temporal crest canal: case report and statistics on a rare mandibular variant (Ossenberg). 1986; 62:10-2
Visor osteotomy augmentation of the mandible with posterior onlay bone graft or with hydroxylapatite: a comparative study (Mercier and Zeltser). 1986; 62:251-7

Mandibular canal
Relationship between the apices of the lower molars and mandibular canal—a radiographic study (Littner et al). 1986; 62:595-602

Masseter muscle
Masseter muscle nodule due to bruxism (Shuren). 1986; 62:140-1

Mastication
Masticatory dysfunction with rigid and nonrigid osteosynthesis of sagittal split osteotomies (Timmis et al). 1986; 62:119-23

Maxilla
Clinicopathologic study of the postoperative maxillary cyst (Yamamoto and Takagi). 1986; 62:544-8
Esophageal adenocarcinoma metastatic to the maxilla (Tideman et al). 1986; 62:564-8
Osteogenic sarcoma of the maxilla and mandible (Forteza et al). 1986; 62:179-84

Maxillary sinus
Mucous retention cyst of the maxillary sinus (Ruprecht et al). 1986; 62:728-31
Radiologic findings in aspergillosis of the maxillary sinus (Beck-Mannagetta and Necek). 1986; 62:345-9

Maxillofacial skeletal
Evaluation of 49 mitral valve prolapse patients for maxillofacial skeletal deformities and temporomandibular joint dysfunction (Waite). 1986; 62:496-9

Mediastinum
Mediastinal emphysema following Le Fort I osteotomy: report of a case (Nannini and Sachs). 1986; 62:508-9

Meniscus
Histologic fate of dermal grafts following implantation for temporomandibular joint meniscal perforation: a preliminary study (DeTomasi et al). 1986; 62:481-5

Metastasis
Esophageal adenocarcinoma metastatic to the maxilla (Tideman et al). 1986; 62:564-8

Microscopy, electron
A scanning electron microscopic investigation of accessory foramina in the furcation and pulp chamber floor of molar teeth (Vertucci and Anthony). 1986; 62:319-26
A study of the odontoblast process with transmission electron microscopy (White et al). 1986; 62:569-79

Mitral valve
Evaluation of 49 mitral valve prolapse patients for maxillofacial skeletal deformities and temporomandibular joint dysfunction (Waite). 1986; 62:496-9

Mixed tumor
Benign mixed tumor of the mandible 17 years after the occurrence of a similar lesion in the parotid gland (Drinkard and Schow). 1986; 62:381-4

Molar
Bilateral lingual nerve anesthesia following mandibular third molar extractions (Fielding and Reck). 1986; 62:13-6
Correlation of acute pericoronitis and the position of the mandibular third molar (Leone et al). 1986; 62:245-9
Double-blind evaluation of etodolac (200 mg, 400 mg) compared with zomepirac (100 mg) and placebo on third molar extraction pain (Scott et al). 1986; 62:638-42

Molar (con't.)
Bilateral lingual nerve anesthesia following mandibular third molar extractions (Fielding and Reck). 1986; 62:13-6
Relationship between the apices of the lower molars and mandibular canal—a radiographic study (Littner et al). 1986; 62:595-602
A scanning electron microscopic investigation of accessory foramina in the furcation and pulp chamber floor of molar teeth (Vertucci and Anthony). 1986; 62:319-26

Monoclonal antibody
Expression of blood group H antigen by normal, benign, and carcinoma cells of the oral epithelium: immunohistochemical study using monoclonal antibody RS13 (Shabana et al). 1986; 62:532-43
Glomus tumor of the lip: a case report and immunohistochemical study (Moody et al). 1986; 62:312-8
Immunohistochemical distribution of monoclonal antibodies against keratin in papillomas and carcinomas from oral and nasopharyngeal regions (Nakai and Mori). 1986; 62:292-302

Morphology
Diagnostic accuracy of upper compartment arthroscopy of the temporomandibular joint: correlation with postmortem morphology (Liedberg and Westesson). 1986; 62:618-24

Mouth
Onchocerciasis of the face and mouth (Williams et al). 1986; 62:560-3

Mucocele
Cervical mucocele (plunging ranula): an unusual case of mucous extravasation cyst (Zafarulla). 1986; 62:63-6

Mucosa
Involucrin expression in epithelial tumors of oral and pharyngeal mucosa and skin (Sumitomo et al). 1986; 62:155-63
Unusual pigmentation of the gingiva: report of two different types (Gazi). 1986; 62:646-9

Mucositis
Benzydamine hydrochloride in prevention and management of pain in oral mucositis associated with radiation therapy (Epstein and Stevenson-Moore). 1986; 62:145-8

Mucous extravasation
Cervical mucocele (plunging ranula): an unusual case of mucous extravasation cyst (Zafarulla). 1986; 62:63-6

Mucous retention cyst
Mucous retention cyst of the maxillary sinus (Ruprecht et al). 1986; 62:728-31

Multiple sclerosis
Lateral gaze deficit suggesting multiple sclerosis (Lopez and Moore). 1986; 62:657-8

Murray-Puretic-Drescher syndrome
Juvenile hyaline fibromatosis (Murray-Puretic-Drescher syndrome): oral and systemic findings in siblings (Sciubba and Niebloom). 1986; 62:397-409

Myoepithelioma
Product definition in a case of myoepithelioma (Toto and Hsu). 1986; 62:169-74

Myxoma
Nerve sheath myxoma (neurothekeoma): a case involving the lip (Mason et al). 1986; 62:185-6

N

Nasopharynx
Immunohistochemical distribution of monoclonal antibodies against keratin in papillomas and carcinomas from oral and nasopharyngeal regions (Nakai and Mori). 1986; 62:292-302

Nerve sheath myxoma
Nerve sheath myxoma (neurothekeoma): a case involving the lip (Mason et al). 1986; 62:185-6

Neurothekeoma
Nerve sheath myxoma (neurothekeoma): a case involving the lip (Mason et al). 1986; 62:185-6

New books
New book annotations. 1986; 62:117, 359, 479-80, 609, 741

Obituary
In memoriam: Dr. Lester R. Cahn. 1986; 62:611
Obstruction
Severe facial trauma resulting in airway obstruction (Trimble). 1986; 62:476-8 (Roentgeno-oddities)
Odontoblast
A study of the odontoblast process with transmission electron microscopy (White et al). 1986; 62:569-79
Odontogenic infection
Selective anesthesias of peripheral branches of the trigeminal nerve due to odontogenic infection (Barrett and Buckley). 1986; 62:226-8
Onchocerciasis
Onchocerciasis of the face and mouth (Williams et al). 1986; 62:560-3
Onlay bone graft
Visor osteotomy augmentation of the mandible with posterior onlay bone graft or with hydroxylapatite: a comparative study (Mercier and Zeltser). 1986; 62:251-7
Open reduction
A simplified technique for closure of surgical sites following intraoral open reduction of mandibular fractures (Marchmont-Robinson and Crinzi). 1986; 62:138-9
Optical density
The effects of beam quality and optical density on image quality in dental radiography (Price). 1986; 62:580-8
Oral cancer; *see* **Carcinoma**
Oral commissure
Reconstruction of the oral commissure (Takato et al). 1986; 62:132-4
Oral complication
Quantitative analysis of the oral complications of antileukemia chemotherapy (Dreizen et al). 1986; 62:650-3
Oral hairs
A rare case of numerous oral hairs in a 13-year-old boy with alopecia areata (Fetkowska-Mielnik et al). 1986; 62:267-9
Osseous hypomobility
Osseous hypomobility (Hecker and Noon). 1986; 62:135-7
Osteogenic sarcoma
Osteogenic sarcoma of the maxilla and mandible (Forteza et al). 1986; 62:179-84
Osteosynthesis
Masticatory dysfunction with rigid and nonrigid osteosynthesis of sagittal split osteotomies (Timmis et al). 1986; 62:119-23
Osteotomy
Control of the condylar-proximal mandibular segments after sagittal split osteotomies to advance the mandible (Epker and Wylie). 1986; 62:613-7

Benzydamine hydrochloride in prevention and management of pain in oral mucositis associated with radiation therapy (Epstein and Stevenson-Moore). 1986; 62:145-8
Double-blind evaluation of etodolac (200 mg, 400 mg) compared with zomepirac (100 mg) and placebo on third molar extraction pain (Scott et al). 1986; 62:638-42
Management of posttreatment endodontic pain with oral dexamethasone: a double-blind study (Krasner and Jackson). 1986; 62:187-90
Panoramic radiography
Dimensional reproduction in rotational panoramic radiography (McDavid et al). 1986; 62:96-101
The horizontal plane in patient positioning for panoramic radiography (Patel and Manson-Hing). 1986; 62:350-3
Papillae
The retrocuspid papillae in Israeli Jews (Gorsky et al). 1986; 62:240-3
Papillomas
Immunohistochemical distribution of monoclonal antibodies against keratin in papillomas and carcinomas from oral and nasopharyngeal regions (Nakai and Mori). 1986; 62:292-302
Papillomavirus
Detection of human papillomavirus DNA in oral mucosal lesions using in situ DNA-hybridization applied on paraffin sections (Syrjänen et al). 1986; 62:660-7
Oral and labial verruca vulgaris: clinical, histologic and immunohistochemical evaluation (Green et al). 1986; 62:410-6
Paraffin section
Detection of human papillomavirus DNA in oral mucosal lesions using in situ DNA-hybridization applied on paraffin sections (Syrjänen et al). 1986; 62:660-7
Paresthesia
Bilateral lingual nerve anesthesia following mandibular third molar extractions (Fielding and Reck). 1986; 62:13-6
Documentation method for inferior alveolar and lingual nerve paresthesias (Robinson and Williams). 1986; 62:128-31
Mandibular paresthesia secondary to cerebrovascular changes (Nelson et al). 1986; 62:17-9
Prednisone treatment for injury and compression of inferior alveolar nerve: report of a case of anesthesia following endodontic overfilling (Gatot and Tovi). 1986; 62:704-6
Selective anesthesias of peripheral branches of the trigeminal nerve due to odontogenic infection (Barrett and Buckley). 1986; 62:226-8
Parotid gland
Benign mixed tumor of the mandible 17 years after the occurrence of a similar lesion in the parotid gland (Drinkard and Schow). 1986; 62:381-4
Synovial chondromatosis of the temporomandibular joint presenting as a parotid mass: possibility of confusion with benign mixed tumor (Thompson et al). 1986; 62:377-80
Patient selection
A study of selection criteria for intraoral dental radiography (Brooks). 1986; 62:234-9
Perceptibility curves
Comparison of conventional dental radiographs and xeroradiographs using perceptibility curves (Miles et al). 1986; 62:92-5
Periapical radiograph
Estimation of alveolar crest height using routine periapical dental radiographs (Duinkerke et al). 1986; 62:603-6
A modification of the bisecting-angle technique for anterior periapical dental radiographs (Monsour). 1986; 62:468-70
Pericoronitis
Correlation of acute pericoronitis and the position of the mandibular third molar (Leone et al). 1986; 62:245-9

Periodontal disease
Clinical efficacy of dental radiography in the detection of dental caries and periodontal diseases (Douglass et al). 1986; 62:330-9
Periodontal ligament
The prevalence of benign fibro-osseous lesions of periodontal ligament origin in black women: a radiographic survey (Neville and Albenesius). 1986; 62:340-4
Pharynx
Changes in the protein composition of whole saliva during radiotherapy in patients with oral or pharyngeal cancer (Makkonen et al). 1986; 62:270-5
Involucrin expression in epithelial tumors of oral and pharyngeal mucosa and skin (Sumitomo et al). 1986; 62:155-63
Photodiode
Application of a photodiode in dental radiology (van Luijk and Sanderink). 1986; 62:110-6
Pigmentation
Unusual pigmentation of the gingiva: report of two different types (Gazi). 1986; 62:646-9
Placebo
Double-blind evaluation of etodolac (200 mg, 400 mg) compared with zomepirac (100 mg) and placebo on third molar extraction pain (Scott et al). 1986; 62:638-42
Plasma glucose
A prevalence study of denture stomatitis in subjects with diabetes mellitus or elevated plasma glucose levels (Phelan and Levin). 1986; 62:303-5
Platform splint
A platform splint for orthognathic surgery (Nespeca et al). 1986; 62:7-9
Plunging ranula
Cervical mucocele (plunging ranula): an unusual case of mucous extravasation cyst (Zafarulla). 1986; 62:63-6
Postmortem
Diagnostic accuracy of upper compartment arthroscopy of the temporomandibular joint: correlation with postmortem morphology (Liedberg and Westesson). 1986; 62:618-24
Postoperative cyst
Clinicopathologic study of the postoperative maxillary cyst (Yamamoto and Takagi). 1986; 62:544-8
Prednisone
Prednisone treatment for injury and compression of inferior alveolar nerve: report of a case of anesthesia following endodontic overfilling (Gatot and Tovi). 1986; 62:704-6
Premolar
Ectopic developing mandibular premolar. 1986; 62:738 (Roentgeno-oddities)
Unerupted and ectopic mandibular premolars. 1986; 62:358 (Roentgeno-oddities)
Primary dentition
Talon cusp in primary dentition (Chen and Chen). 1986; 62:67-72
Protection measures
Radiation safety and protection in U.S. dental hygiene programs (Farman et al). 1986; 62:102-6
Protein
Changes in the protein composition of whole saliva during radiotherapy in patients with oral or pharyngeal cancer (Makkonen et al). 1986; 62:270-5
An immunoperoxidase investigation of S-100 protein in the epithelial component of Warthin's tumor (Takahashi et al). 1986; 62:57-62
Prothrombin time
Dental treatment for the patient on anticoagulant therapy: prothrombin time value—what difference does it make? (Benoliel et al) 1986; 62:149-51
Pulp chamber
A scanning electron microscopic investigation of accessory foramina in the furcation and pulp chamber floor of molar teeth (Vertucci and Anthony). 1986; 62:319-26

Q

Quality control
The accuracy of an x-ray film quality-assurance step-wedge test (Bloxom and Manson-Hing). 1986; 62:449-58
Diagnostic quality control: the missing link in dental radiology quality assurance (Crandell). 1986; 62:212-7
Evaluating student progress through error reduction in intraoral radiographic technique (Patel and Greer). 1986; 62:471-4

R

Radiation
The accuracy of an x-ray film quality-assurance step-wedge test (Bloxom and Manson-Hing). 1986; 62:449-58
Benzydamine hydrochloride in prevention and management of pain in oral mucositis associated with radiation therapy (Epstein and Stevenson-Moore). 1986; 62:145-8
Radiation safety and protection in U.S. dental hygiene programs (Farman et al). 1986; 62:102-6
Radiographic screening of edentulous patients: sense or nonsense? a risk-benefit analysis (Keur). 1986; 62:463-7
Radiography
Application of a photodiode in dental radiology (van Luijk and Sanderink). 1986; 62:110-6
Clinical efficacy of dental radiography in the detection of dental caries and periodontal diseases (Douglass et al). 1986; 62:330-9
Comparison of conventional dental radiographs and xeroradiographs using perceptibility curves (Miles et al). 1986; 62:92-5
Dimensional reproduction in rotational panoramic radiography (McDavid et al). 1986; 62:96-101
The effects of beam quality and optical density on image quality in dental radiography (Price). 1986; 62:580-8
Efficiency of the cervical lead shield during intraoral radiography (Kaffe et al). 1986; 62:732-6
Estimation of alveolar crest height using routine periapical dental radiographs (Duinkerke et al). 1986; 62:603-6
Evaluating student progress through error reduction in intraoral radiographic technique (Patel and Greer). 1986; 62:471-4
Experimental sialography: the effects of retrograde infusion of radiographic contrast media on salivary gland morphology and function (Qwarnström). 1986; 62:668-82
The horizontal plane in patient positioning for panoramic radiography (Patel and Manson-Hing). 1986; 62:350-3
A modification of the bisecting-angle technique for anterior periapical dental radiographs (Monsour). 1986; 62:468-70
Radiographic screening of edentulous patients: sense or nonsense? A risk-benefit analysis (Keur). 1986; 62:463-7
Radiologic findings in aspergillosis of the maxillary sinus (Beck-Mannagetta and Necek). 1986; 62:345-9
Relationship between the apices of the lower molars and mandibular canal—a radiographic study (Littner et al). 1986; 62:595-602
A study of selection criteria for intraoral dental radiography (Brooks). 1986; 62:234-9
Radiopacity
A method of determining the radiopacity of dental materials and foreign bodies (Price). 1986; 62:710-8
Radiotherapy
Changes in the protein composition of whole saliva during radiotherapy in patients with oral or pharyngeal cancer (Makkonen et al). 1986; 62:270-5
Rare earth filters
Spectroscopic analysis and dosimetry of diagnostic x-ray beams filtered by rare earth materials (Tyndall). 1986; 62:205-11
Reconstruction
Reconstruction of the oral commissure (Takato et al). 1986; 62:132-4

Reduction
A simplified technique for closure of surgical sites following intraoral open reduction of mandibular fractures (Marchmont-Robinson and Crinzi). 1986; 62:138-9
Renal transplant
Significance of the head and neck in late infection in renal transplant recipients (Stoufi et al). 1986; 62:524-8
Replantation
Intentional replantation (Madison). 1986; 62:707-9
Resinifying therapy
Clinical and experimental observations on resinifying therapy (Min-Kai and Man-en). 1986; 62:441-8
Resuscitation
Evaluation of a prototype CPR assist-tool (Lado and Fast). 1986; 62:280-3
Retrocuspid papillae
The retrocuspid papillae in Israeli Jews (Gorsky et al). 1986; 62:240-3
Retrograde infusion
Experimental sialography: the effects of retrograde infusion of radiographic contrast media on salivary gland morphology and function (Qwarnström). 1986; 62:668-82
Retrograde root filling
Spontaneous repair of a fractured tooth crown: an indication for retrograde root filling (Falomo). 1986; 62:327-9
Rigid internal fixation
Management of mandibular trauma with rigid internal fixation (Schwimmer and Greenberg). 1986; 62:630-7
Roentgeno-oddities
Roentgeno-oddities. 1986; 62:223-5, 475-8, 607-8, 737-40
Root
Comparative study of the configuration and the cleanliness level of root canals prepared with the aid of sodium hypochlorite and bis-dequalinium-acetate solutions (Kaufman and Greenberg). 1986; 62:191-7
Complexities of endodontic treatment of maxillary lateral incisors with anomalous root formation (Greenfeld and Cambruzzi). 1986; 62:82-8
Spontaneous repair of a fractured tooth crown: an indication for retrograde root filling (Falomo). 1986; 62:327-9
Rotational panoramic radiography
Dimensional reproduction in rotational panoramic radiography (McDavid et al). 1986; 62:96-101

S

S-100 protein
An immunoperoxidase investigation of S-100 protein in the epithelial component of Warthin's tumor (Takahashi et al). 1986; 62:57-62
Safety
Radiation safety and protection in U.S. dental hygiene programs (Farman et al). 1986; 62:102-6
Sagittal split osteotomy
Control of the condylar-proximal mandibular segments after sagittal split osteotomies to advance the mandible (Epker and Wylie). 1986; 62:613-7
Masticatory dysfunction with rigid and nonrigid osteosynthesis of sagittal split osteotomies (Timmis et al). 1986; 62:119-23
A simplified technique of inferior border wiring in the sagittal split osteotomy (Gingrass et al). 1986; 62:264-6
Saliva
Changes in the protein composition of whole saliva during radiotherapy in patients with oral or pharyngeal cancer (Makkonen et al). 1986; 62:270-5
Prevalence of drugs causing hyposalivation in an institutionalized geriatric population (Handelman et al). 1986; 62:26-31
Salivary gland
Dysplasia in salivary gland ducts in sublingual leukoplakia and erythroplakia (Browne and Potts). 1986; 62:44-9
Experimental sialography: the effects of retrograde infusion of radiographic contrast media on salivary gland morphology and function (Qwarnström). 1986; 62:668-82
The salivary gland component of Sjögren's syndrome: an evaluation of diagnostic methods (Lindvall and Jonsson). 1986; 62:32-42
Sarcoma
Osteogenic sarcoma of the maxilla and mandible (Forteza et al). 1986; 62:179-84
Scanning electron microscope
A scanning electron microscopic investigation of accessory foramina in the furcation and pulp chamber floor of molar teeth (Vertucci and Anthony). 1986; 62:319-26
Scintigraphy
The salivary gland component of Sjögren's syndrome: an evaluation of diagnostic methods (Lindvall and Jonsson). 1986; 62:32-42
Sealer
Subcutaneous reactions to implantation of tubes with AH26 and Grossman's sealer (Tagger and Tagger). 1986; 62:434-40
Selection criteria
A study of selection criteria for intraoral dental radiography (Brooks). 1986; 62:234-9
Sensitometry
Sensitometric and image analysis of T-grain film (Thunthy and Weinberg). 1986; 62:218-20
Seventh cranial nerve
Referral of symptoms from the trigeminal to the facial nerve as a sequel to dental infection (Papageorge and Kronman). 1986; 62:643-5
Shield
Efficiency of the cervical lead shield during intraoral radiography (Kaffe et al). 1986; 62:732-6
Sialography
Experimental sialography: the effects of retrograde infusion of radiographic contrast media on salivary gland morphology and function (Qwarnström). 1986; 62:668-82
The salivary gland component of Sjögren's syndrome: an evaluation of diagnostic methods (Lindvall and Jonsson). 1986; 62:32-42
Silicone
Deterioration of temporary silicone implant in the temporomandibular joint: a clinical and arthroscopic follow-up study (Eriksson et al). 1986; 62:2-6
Sinus
Mucous retention cyst of the maxillary sinus (Ruprecht et al). 1986; 62:728-31
Radiologic findings in aspergillosis of the maxillary sinus (Beck-Mannagetta and Necek). 1986; 62:345-9
Sjögren's syndrome
The salivary gland component of Sjögren's syndrome: an evaluation of diagnostic methods (Lindvall and Jonsson). 1986; 62:32-42
Sjögren's syndrome: clinical and laboratory features, immunopathogenesis, and management (Scully). 1986; 62:510-23
Skeletal deformities
Evaluation of 49 mitral valve prolapse patients for maxillofacial skeletal deformities and temporomandibular joint dysfunction (Waite). 1986; 62:496-9
Snuff
Oral cancer induced in hamsters with herpes simplex infection and simulated snuff dipping (Park et al). 1986; 62:164-8
Sodium hypochlorite
Comparative study of the configuration and the cleanliness level of root canals prepared with the aid of sodium hypochlorite and bis-dequalinium-acetate solutions (Kaufman and Greenberg). 1986; 62:191-7
Sonography
Advances in sonography of the temporomandibular joint (Heffez and Blaustein). 1986; 62:486-95

Spectroscopy
Spectroscopic analysis and dosimetry of diagnostic x-ray beams filtered by rare earth materials (Tyndall). 1986; 62:205-11
Splint
A platform splint for orthognathic surgery (Nespeca et al). 1986; 62:7-9
Sporicidin
An evaluation of the efficacy and irritability of Sporicidin as a hand dip (Holderman et al). 1986; 62:142-4
Squamous cell carcinoma
The effect of chemotherapeutic agents on human oral squamous cell carcinoma transplanted to nude mice: a histologic study (Boeheim et al). 1986; 62:50-6
Oral cancer induced in hamsters with herpes simplex infection and simulated snuff dipping (Park et al). 1986; 62:164-8
Step-wedge test
The accuracy of an x-ray film quality-assurance step-wedge test (Bloxom and Manson-Hing). 1986; 62:449-58
Steroids
Management of posttreatment endodontic pain with oral dexamethasone: a double-blind study (Krasner and Jackson). 1986; 62:187-90
Stomatitis
A prevalence study of denture stomatitis in subjects with diabetes mellitus or elevated plasma glucose levels (Phelan and Levin). 1986; 62:303-5
Sublingual leukoplakia
Dysplasia in salivary gland ducts in sublingual leukoplakia and erythroplakia (Browne and Potts). 1986; 62:44-9
Submandibular gland
Accessory duct in the submandibular gland. 1986; 62:607 (Roentgeno-oddities)
Supernumerary teeth
Gemination, hypodontia, and supernumerary teeth. 1986; 62:737 (Roentgeno-oddities)
Surgery
Arthroscopic surgery of the temporomandibular joint: treatment of internal derangement with persistent closed lock (Sanders). 1986; 62:361-72
Eagle's syndrome: a comparison of intraoral versus extraoral surgical approaches (Chase et al). 1986; 62:625-9
Syndrome
Eagle's syndrome: a comparison of intraoral versus extraoral surgical approaches (Chase et al). 1986; 62:625-9
Juvenile hyaline fibromatosis (Murray-Puretic-Drescher syndrome): oral and systemic findings in siblings (Sciubba and Niebloom). 1986; 62:397-409
The salivary gland component of Sjögren's syndrome: an evaluation of diagnostic methods (Lindvall and Jonsson). 1986; 62:32-42
Sjögren's syndrome: clinical and laboratory features, immunopathogenesis, and management (Scully). 1986; 62:510-23
Synovial chondromatosis
Synovial chondromatosis of the temporomandibular joint presenting as a parotid mass: possibility of confusion with benign mixed tumor (Thompson et al). 1986; 62:377-80

T

Talon cusp
Talon cusp in primary dentition (Chen and Chen). 1986; 62:67-72
Temporal crest canal
Temporal crest canal: case report and statistics on a rare mandibular variant (Ossenberg). 1986; 6:10-2
Temporal vessels
The risk of damage to facial nerve, superficial temporal vessels, disk, and articular surfaces during arthroscopic examination of the temporomandibular joint (Westesson et al). 1986; 62:124-7
Temporary implant
Deterioration of temporary silicone implant in the temporomandibular joint: a clinical and arthroscopic follow-up study (Eriksson et al). 1986; 6:2-6
Temporomandibular joint
Advances in sonography of the temporomandibular joint (Heffez and Blaustein). 1986; 62:486-95
Arthroscopic surgery of the temporomandibular joint: treatment of internal derangement with persistent closed lock (Sanders). 1986; 62:361-72
Clinical and arthrographic evaluation of temporomandibular joint sounds (Roberts et al). 1986; 62:373-6
Computed tomography for internal derangements of the temporomandibular joint: a technical report (Wayne et al). 1986; 62:459-62
Deterioration of temporary silicone implant in the temporomandibular joint: a clinical and arthroscopic follow-up study (Eriksson et al). 1986; 62:2-6
Diagnostic accuracy of upper compartment arthroscopy of the temporomandibular joint: correlation with postmortem morphology (Liedberg and Westesson). 1986; 62:618-24
Evaluation of 49 mitral valve prolapse patients for maxillofacial skeletal deformities and temporomandibular joint dysfunction (Waite). 1986; 62:496-9
Histologic fate of dermal grafts following implantation for temporomandibular joint meniscal perforation: a preliminary study (DeTomasi et al). 1986; 62:481-5
Masticatory dysfunction with rigid and nonrigid osteosynthesis of sagittal split osteotomies (Timmis et al). 1986; 62:119-23
Osseous hypomobility (Hecker and Noon). 1986; 62:135-7
The risk of damage to facial nerve, superficial temporal vessels, disk, and articular surfaces during arthroscopic examination of the temporomandibular joint (Westesson et al). 1986; 62:124-7
Synovial chondromatosis of the temporomandibular joint presenting as a parotid mass: possibility of confusion with benign mixed tumor (Thompson et al). 1986; 62:377-80
Temporomandibular articulation tomography: a corrected anteroposterior and lateral cephalometric technique (Rosenberg and Graczyk). 1986; 62:198-204
T-grain film
Sensitometric and image analysis of T-grain film (Thunthy and Weinberg). 1986; 62:218-20
Thalassemia
The thalassemias: oral manifestations and complications (Van Dis and Langlais). 1986; 62:229-33
Third molar
Bilateral lingual nerve anesthesia following mandibular third molar extractions (Fielding and Reck). 1986; 62:13-6
Correlation of acute pericoronitis and the position of the mandibular third molar (Leone, Edenfield, and Cohen). 1986; 62:245-9
Double-blind evaluation of etodolac (200 mg, 400 mg) compared with zomepirac (100 mg) and placebo on third molar extraction pain (Scott et al). 1986; 62:638-42
Tomography
Computed tomography for internal derangements of the temporomandibular joint: a technical report (Wayne et al). 1986; 62:459-62
The role of computed tomography in the evaluation of cemento-osseous lesions (DelBalso and Werning). 1986; 62:354-7
Temporomandibular articulation tomography: a corrected anteroposterior and lateral cephalometric technique (Rosenberg and Graczyk). 1986; 62:198-204
Variation in condyle-fossa relationships according to different methods of evaluation in tomograms (Pullinger and Hollender). 1986; 62:719-27
Tooth crown
Spontaneous repair of a fractured tooth crown: an indication for retrograde root filling (Falomo). 1986; 62:327-9

Transmission electron microscopy
A study of the odontoblast process with transmission electron microscopy (White et al). 1986; 62:569-79
Transplant
Significance of the head and neck in late infection in renal transplant recipients (Stoufi et al). 1986; 62:524-8
Trauma
Severe facial trauma resulting in airway obstruction (Trimble). 1986; 62:476-8 (Roentgeno-oddities)
Traumatic cyst
Traumatic cyst. 1986; 62:739 (Roentgeno-oddities)
Trigeminal nerve
Referral of symptoms from the trigeminal to the facial nerve as a sequel to dental infection (Papageorge and Kronman). 1986; 62:643-5
Selective anesthesias of peripheral branches of the trigeminal nerve due to odontogenic infection (Barrett and Buckley). 1986; 62:226-8
Trismus
Acute facial cellulitis and trismus originating in the external auditory meatus (Nitzan and Shteyer). 1986; 62:262-3
Tumor; *see also* **Carcinoma**
Benign mixed tumor of the mandible 17 years after the occurrence of a similar lesion in the parotid gland (Drinkard and Schow). 1986; 62:381-4
The effect of chemotherapeutic agents on human oral squamous cell carcinoma transplanted to nude mice: a histologic study (Boeheim et al). 1986; 62:50-6
Glomus tumor of the lip: a case report and immunohistochemical study (Moody et al). 1986; 62:312-8
An immunoperoxidase investigation of S-100 protein in the epithelial component of Warthin's tumor (Takahashi et al). 1986; 62:57-62
Intraoral solitary glomus tumor (glomangioma): case report and literature review (Ficarra et al). 1986; 62:306-11
Involucrin expression in epithelial tumors of oral and pharyngeal mucosa and skin (Sumitomo et al). 1986; 62:155-63
Osteogenic sarcoma of the maxilla and mandible (Forteza et al). 1986; 62:179-84

U

Unerupted premolar
Unerupted and ectopic mandibular premolars. 1986; 62:358 (Roentgeno-oddities)
Upper lip; *see also* **Lip**
Cheilitis glandularis: a case affecting the upper lip (Winchester et al). 1986; 62:654-6

V

Verruca vulgaris
Oral and labial verruca vulgaris: clinical, histologic and immunohistochemical evaluation (Green et al). 1986; 62:410-6
Visor osteotomy augmentation
Visor osteotomy augmentation of the mandible with posterior onlay bone graft or with hydroxylapatite: a comparative study (Mercier and Zeltser). 1986; 62:251-7

W

Warfarin
Dental treatment for the patient on anticoagulant therapy: prothrombin time value—what difference does it make? (Benoliel et al) 1986; 62:149-51
Warthin's tumor
An immunoperoxidase investigation of S-100 protein in the epithelial component of Warthin's tumor (Takahashi et al). 1986; 62:57-62

X

Xeroradiographs; *see also* **Radiography**
Comparison of conventional dental radiographs and xeroradiographs using perceptibility curves (Miles et al). 1986; 62:92-5
X-ray film
Characteristic curves of dental x-ray film (Havukainen and Servomaa). 1986; 62:107-9
Sensitometric and image analysis of T-grain film (Thunthy and Weinberg). 1986; 62:218-20
X-ray spectroscopy
Spectroscopic analysis and dosimetry of diagnostic x-ray beams filtered by rare earth materials (Tyndall). 1986; 62:205-11

Z

Zomepirac
Double-blind evaluation of etodolac (200 mg, 400 mg) compared with zomepirac (100 mg) and placebo on third molar extraction pain (Scott et al). 1986; 62:638-42
